AWOKE TO FIND MAN IN ROOM

Miss Hazel Stape Terrified when She Felt Cold Hand on Her Foot. Annoyed Other Citizens in that Section.

Miss Hazel Stape, the fifteen year old daughter of Mr. and Mrs. George Stape, of Mummasburg street, awoke at four o'clock this morning to find the prostrate form of a strange man lying on the floor at the side of her bed. Terrified, she screamed for help, and her father hurried from an adjoining room to her aid. The man was in a drunken stupor and when Mr. Stape flashed a light in his eyes, asked sluggishly
"Where am I?"
"You're where you ought not to be," answered Mr. Stape.

By this time a son had arrived on the scene and spoke of going for a gun. This brought the intoxicated man to his senses and he remonstrated vigorously saying that he meant no harm.

After some difficulty Mr. Stape and other members succeeded in getting the unwelcome visitor out of the house. How he gained entrance no one knows for every door was securely locked. When he entered he went into the parlor, took off his shoes and then started up-stairs. Reaching the room of the young girl he started to grope about in the dark and it was the cold of his hand on her feet that awakened her. Her screams evidently frightened him and he dropped to the floor. Today she is very nervous over the effects of her experience.

The description is that of a man of medium height with heavy black mustache and dark eyes. A man answering this description was ejected from Raymond's Restaurant, the Globe Hotel and other places between eleven and twelve o'clock in the evening and during the early morning hours awakened families on Carlisle and Mummasburg streets.

Officers were on the watch for him this morning but he was not to be found.

WEARING OF THE GRAY

Tells of Reunion of the Blue and the Gray in 1888.

The New York World takes further occasion to comment on the wearing of the gray at Gettysburg next summer saying:

"On July 1, 2, and 3, 1888, the twenty-fifth anniversary of Gettysburg was celebrated on that well-fought field by thousands of Union veterans, who dedicated monuments marking the position of their commands.

"The World's special correspondent, afterward State Historian of New York, telegraphed on July 2, about the coming of the Confederate veterans:

"There were 300 of them, all told, in town by 7 o'clock in the afternoon. The Confederates were dressed in gray. Some all the way through, hat, coat, vest and trousers.

"They had badges also, but soon gave them away to fraternizing Union men. No one objected to the honored gray; and Sickles and Longstreet, Slocum and Gordon, were there to look on.

"In July, when the great battle will be another twenty-five years in the past and most of those who fought in it are laid under the sod, why should veterans seek to forbid their brother Americans of the South to wear the gray again at the great Gettysburg reunion."

PLEADS FOR OLD TIME EDUCATION

Hon. Henry Houck Says Fundamental English Education is First Requirement. School Directors Elect Officers.

Hon. Henry S. Houck, for many years connected with the public schools of the state, and for the past nine years Secretary of Internal Affairs, made a plea before the Adams County school directors in annual convention on Thursday for the old-fashioned education, first of all, and his admonition for a thorough course in the fundamentals was met with vigorous applause from those who are in charge of the public school system in this county. Mr. Houck said in part:

"Before everything else let our public schools give the boys and girls of today a thorough English education. Without it anything else they may get in the way of learning will be almost useless. Give them a thorough understanding of grammar, of arithmetic, of how to read and write and they have the foundations of a good education.

"The most selfish and the most important man in any town, outside of the minister, is the public school teacher. When you get a good one, keep him. Politics have no place in the governing of the schools of today. Dr. Nathan C. Schaeffer has been the head of our state system for many years and there is no one who does not want to see him continued in office for many more. Why has it been possible to have his services this long? Simply because politics were not allowed to enter into the selection of a man for that position. Let each district school board follow this principle."

Dr. J. A. Singmaster welcomed the school directors at their opening session Thursday morning, the delegates to the recent state convention at Harrisburg made their report, and topics of interest and importance were freely discussed by many of the members of the convention. Dr. R. L. Watts, dean of the Agricultural School at State College, gave two talks during the day on the establishment of the course of Agriculture in the public schools of the state. His first talk took up the subject in a general way but in the afternoon he became more specific showing how the study of botany could be used to interest the pupils in clovers and grasses, while further interest in raising vegetables may also be created. This study should be adapted as much to the girls as the boys. The matter of poultry raising was also taken up.

On Thursday afternoon the following officers were elected for the coming year, president, Rev. W. K. Fleck, Fairfield; vice presidents, Calvin Hamilton, Gettysburg; and Elmer D. Buckley, of Littlestown; secretary, John A. Guise, Huntingdon township; treasurer, E. L. Eckert, Oxford township; auditor, I. L. Taylor, Gettysburg.

The convention heard with regret of the sudden death of John F. Low, of Fairfield, early Thursday morning and suitable resolutions were passed on his death and that of Joseph H. Weaver, of Tyrone township, who died during the year.

In the evening Hon. Henry Houck entertained a large audience with an account of his trip to the Orient. The Arendtsville Glee Club furnished the music for the evening rendering a number of selections which were very well received.

The lectures today were by Prof. Charles A. Albert, of the Bloomsburg State Normal School, and Superintendent James W. Sweeney, of Elk County. They took up a number of matters for discussion and other topics were proposed for general argument. The convention throughout was of much practical value and not a little benefit and enjoyment to the large number of directors attending.

A MILLION BRICKS

Berlin Junction Plant Put Out that Number Last Month.

During the month of January, the firm of Alwine Brothers manufactured over 1,000,000 bricks at their plant, at Berlin Junction, near New Oxford. This unprecedented large number of bricks manufactured within that period, was only made possible by the favorable weather during that month. Most of these bricks were sold to contractors in Charlestown, Va., and other towns in the South. This enterprising firm is now installing machinery for manufacturing drain tiles, etc. Operations in this new industry will begin about the middle of next month.

WHISTLE AND PASS GETTYSBURG BILL

State Legislators Pass Anniversary Bill to Strains of "Marching Through Georgia". To Entertain All.

Whistling "Marching Through Georgia" the members of the State House of Representatives on Thursday, amended the Senate resolution providing for the transportation of veterans to the celebration of the semi-centennial of the battle of Gettysburg next July, to provide that all men who enlisted in Pennsylvania, in army, navy or marine corps, should be the guests of the state.

This would include the men who entered the so-called emergency regiments, and those who served on the seas. The members of Pennsylvania regiments and the Confederate veterans in this state are already taken care of.

When the resolution came up Messrs. Mitchell, Erie, and Wiltbank, Philadelphia, moved to make changes, and half an hour was occupied in discussion, at the end of which Mr. Allen, while the members whistled "Marching Through Georgia," drafted an amendment which took care of everyone who might have a claim to having been a Pennsylvania soldier or sailor.

The resolution goes to the Senate for concurrence in the amendment.

MRS. AMANDA DIEHL

Former New Oxford Resident Died in California.

The Contra Costa Gazette, of Martinez, Cal., of Feb. 1, says: At midnight on Wednesday Mrs. Amanda Diehl, one of the oldest pioneer residents of Martinez, closed her eyes in sleep and as the tired heart ceased to beat, the soul from its earthly tenement bringing to a close a life full of promise and achievement. In the death of Mrs. Diehl, who for some time past has been an invalid, the community loses a noble woman. Mrs. Diehl had been a resident of Martinez or vicinity for over 20 years. Coming to this county a score of years ago, she and her husband located on a farm in Alhambra Valley where they lived until the death, 14 years ago, of Carl F. Diehl, her husband. Giving up the family home in the valley at that time Mrs. Diehl came to Martinez to make her home with her daughter, Mrs. Geo. H. Lyford and family and was there when she died. Mrs. Diehl was a native of Pennsylvania aged 88 years and two days. She leaves to mourn her death three daughters and one son.

She was the widow of Carl F. Diehl, a native of New Oxford, and a brother of Mrs. Jacob Heltzel, of that place.

Later he has been living retired.

He leaves his wife and one son, Prof. C. A. Landis, of Fairfield, a brother, John Landis, of Brook, Indiana; and a sister, Mrs. Lucinda Noel, of Bonneauville.

Rev. Dr. L. L. Sieber is spending the week in Chambersburg conducting evangelistic services.

The Parent Teachers' Association will hold its monthly meeting at half past seven this evening in the High School building. Addresses will be made by Prof. Charles A. Albert, of the Bloomsburg Normal School, and Superintendent Sweeney, of Elk county.

CASHTOWN

Cashtown—On Monday quite a number of our citizens were in Gettysburg as witnesses in a disorderly conduct suit of two young men who came into our town last Wednesday night. It seems that all the trouble that occurs in the neighborhood is brought to our town for settlement so that gives our hotel the credit for the drunks and the town gets the name of a scrapping place. We do not mean to say our town is better than any other town, or our hotel any better than any other hotel. Hard cider is often the cause but the hotel gets the blame.

After a long wait for ice, on Monday our ice men started to cut six inch ice on the old Hartman dam. The teams started to haul on Tuesday afternoon to fill the houses of A. B. Kump and J. E. Rebert.

On Wednesday morning Edward O'Brien left for Arlington, Ill. He has been in that part of the west for the past five years and was spending the last six weeks among many of his friends through this section.

On Wednesday W. G. Rebert, while stepping off the pavement at H. L. Bream's store, slipped and fell backwards on his left side causing him to suffer considerable pain.

The funeral of Mrs. Fidler, of Bendersville, on Thursday was largely attended. She was formerly from this neighborhood and a schoolmate of many of the young people. She was always well liked and not only by her schoolmates but by all who knew her. Our deepest sympathy remains with the bereaved husband and little children.

In closing the items for this week we can say our ice houses are all full in the town with fine seven inch ice.

FINE TEAM

Four Horses and Two Mules Attract Much Attention.

The Musselman saw mill has been moved to the Harry Jacobs timber tract in Paradise township. Their fine team of four horses and two mules is attracting considerable attention when it passes through our town. The team was weighed here on Saturday and tipped the beam at 3360 pounds or an average of 1560. The six animals are at work every day and do all the heavy hauling about the mill. Walter Peters, of Gettysburg, is the able driver and would like to know whether there are any other six-horse teams in York or Adams counties that can equal this one in weight.—East Berlin News.

MINSTRELS PLEASED

Vogel's Minstrels Greeted by a Large House on Thursday.

A large audience greeted Vogel's Minstrels at the Wizard Theatre Thursday evening and enjoyed several hours of music and fun. The singing and dancing were especially good and the setting for the first part of the program was the best yet produced on the local stage.

MADERO IS READY TO FLEE

Has Special Train Ready to Quit Mexico City.

REBELS ADVANCE LINES

Diaz Continued to Shell the National Palace—Seizes Americans' Houses For Sharpshooters.

Mexico City, Feb. 14.—As a result of renewed fighting, during which the rebel force, under General Felix Diaz, advanced their artillery several blocks nearer the federal ones, rumors are current that President Madero is preparing for flight.

A special train is being made up in the Mexican Central station, and it is barely possible that this is intended to carry the president and his family if flight is contemplated.

At two o'clock the rebel advance began and the guns were run into independence street, which is some distance from their former position. They immediately began shelling the federal batteries posted in the vicinity of the San Diego church and the Mexican Herald building. Shortly afterward the rebels were reported in possession of the San Lazaro railroad station.

For a short time the firing by both sides was heavy, then became light, but later the cannonade was resumed with renewed vigor.

The first sharp engagement occurred when a party of federal infantry moved into range of the rebel sharpshooters. The battle was very brief, as both sides placed their chief reliance on a steady battery fire.

The infantry fighting lasted only a few minutes and was succeeded by a more intense cannonade from the rebels at the arsenal. The federal battery stationed in front of the British legation replied and drew much of the rebel fire.

A number of shells directed toward the national palace were fired, apparently from the rifle and artillery range in the vicinity of the barracks southeast of the city, showing that a force of rebels was posted there also.

R. M. Meredith, the representative in Mexico City of an American manufacturing company, was hit by a splinter of shell. He suffered a scalp wound, but his injury is not likely to prove fatal.

Two non-combatants were killed in front of the American club by bursting shells.

Several shells pierced the library of the American club. Nobody was injured. The building was peppered with bullets.

A little later during a small arms action some bullets fell within the embassy grounds in the heart of the district tacitly agreed on as the neutral zone.

Shrapnel rained on the walls and shutters of the cable office, but the clerk and operators remained at their stations. A short time afterward a solid shot from a field gun entered the cable office.

Straggling federals who arrived at the American embassy declared that a detachment of government troops was shot to pieces on the western edge of the city. This indicates that Diaz has a mobile force outside his lines in the central district.

Diaz succeeded in hiding sharpshooters on houses in the so-called American colony many blocks beyond his lines. This was revealed by a sharp attack on a detachment of federals advancing from Chapultepec.

The swift and crushing action promised by the government was not realized. On the contrary, the fighting was of a monotonous regularity, the federal troops slowly pounding the rebel position and endeavoring to silence Diaz's guns in order that the dual charge might be made with less sacrifice of life. To this the rebels replied with a steady fire, but they were more chary in throwing away their ammunition and appeared to take better aim than ever.

From time to time shells were dropped into the grounds of the national palace and onto that ancient building itself.

The government forces had the advantage in numbers, their army totaling 7000 men, against the 3000 revolutionists under Diaz. The federal forces were reinforced by the arrival of detachments of all arms of the service.

Meanwhile the rebels had fortified themselves in the district, the center of which is the arsenal.

The total of federal troops who arrived is said to be 1500, and they brought with them two pieces of heavy artillery, with much ammunition and stores. Two hundred federals also came from Vera Cruz.

PICKPOCKET TRUST BARED

Judge Says Criminals in New York Are Organized.

CAPTAIN WALSH IS DYING

Brand Jury May Bring Indictment Against Another High Police Official on His Testimony.

New York, Feb. 14.—A "pickpocket trust" and other compact organizations of criminals exist in this city's underworld, according to testimony of Judge Edward Swann, of the court of general sessions, a witness before the aldermanic committee investigating vice conditions.

"Pickpockets dispose of their loot at central 'fences' after being assigned to sections of the city to ply their trade, and when they are arrested they are able to get bail readily and lawyers to defend them. The 'trust' is run like any lawful business," he declared.

"Many strong organizations of criminals exist, well organized and conducted for the purpose of theft," said Judge Swann. "There are, however, many different kinds of associations. For instance, there is the blackmailing association."

To smash these "trusts" Judge Swann advocated that city detectives be divided into special squads nominally known as homicide group, bomb throwing group, and so on.

Referring to the "pickpocket trust," Judge Swann told of one member being assigned to Broadway and Forty-second street for five years, rifling pockets and pocketbooks of men and women in the matinee crowds. This member was arrested four times and always the "trust" through its representative came to his defense.

The extraordinary grand jury investigating police graft in New York visited the home of Thomas W. Walsh, captain of police, to hear what may be a death-bed confession.

Since his revelations several days ago Walsh has failed rapidly. His physician said that his death might be expected momentarily. The importance of the repentant captain's evidence is emphasized by the statement that his food is being watched to prevent his enemies from poisoning him.

Although Walsh already had told the district attorney enough to bring about the indictment of several police officers, including himself, the grand jury expected him to carry his narrative further and tell what will enable them to trace the graft "system" to its source. It was reported that the jury is preparing to indict an important police official who is the last connecting link between the head of the "system" and the men who worked under him.

HOW TO GET STRONG
A Simple Remedy.
Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.
Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.
A case has just come to our attention from West Baden, Ind., A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.
It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. The People's Drug Store, Gettysburg, Pa.
P. S. For Eczema of Scalp try our Saxo Salve. We guarantee it.

Loramie, Ohio, do certify that after treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used this remedy, and am still as well as ever. Previous to using RHEUMA I was a cripple, walking with crutches, and I feel it my duty to let other sufferers from Rheumatism know what it will do. The result seems almost miraculous to me. I have advised RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two-cent stamp is enclosed."—May 31, 1912.
You can secure a bottle of RHEUMA for only 50 cents at The People's Drug Store and they say if not as advertised, money back. It's just as good for Gout, Arthritis, Lumbago and Sciatica.

DENIES STRIKE CALL OF FIREMEN

Head of Brotherhood Won't Say When Move May be Made.

BUT NO MEDIATION SO FAR

Judge Knapp Holds Conference With Both Sides, But Fails to Get Results.

New York, Feb. 14.—The fifty-four eastern railroads and their 34,000 firemen, who demanded higher wages and better working conditions, are no step nearer to an agreement than heretofore.
Judge Martin A. Knapp, of the United States commerce court, who has been trying to bring the two sides together, held a conference with the firemen's representatives without result. "No progress has been made," he said. "It is an extremely stubborn situation, but I would not say hopeless."

William S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, denied that he had decided to issue the strike call to night. He would not say when, if at all, this last move would be made.

At the same time he insists that if the men do walk out the responsibility lies not with the union, but with Wall street and the railroads.
It is said that the union has in its treasury nearly \$600,000 for an emergency fund. The railroads have made elaborate plans for a siege and have already begun hiring thousands of strikebreakers, it is understood.

The net result of the two conferences was that Judge Knapp would himself physically and had to call on a third conference in order that he might go to bed for a little rest.

Judge Knapp arrived here from Washington in response to a summons from William S. Carter. He had been asked to come for a second time to see what he could do after having failed once to bring the two parties to the controversy together.

Accompanying Judge Knapp as mediator was Acting Commissioner of Labor H. W. Hanger, but as Hanger had not been concerned with the present strike movement before he was not able, because of lack of information, to take an active part in the day's two conferences.

The disappointing feature of the conference, according to representatives of the firemen, was that in neither case was any effort successful to pass beyond the matters that have already been threshed over several times without any visible result.
"The prediction was made and concurred in by a large proportion of those present that tomorrow morning or Sunday morning, at the latest would see the eastern part of the United States tied up in the greatest strike it had ever known."

The only "if" attached to this prediction was a qualification that Judge Knapp might lead the railroad men agers to some middle ground other than that on which they now stood with the declaration that they would arbitrate grievances only with a board of the size and kind which handled the grievances of the locomotive engineers.

FAMILY HAD APPENDICITIS

Husband and Father Last of Seven to Be Operated Upon.

Pottsville, Pa., Feb. 14.—John Mandler, of Fountain Springs, last week, at the time when every member of his family, five children, had been operated on and his wife treated for appendicitis, since the first of the year, boasted of his good health and expressed surprise that the others had been afflicted.

This week, however, Mandler, too, was stricken with appendicitis. He was removed to the state hospital and his appendix was removed.

This is the sixth operation for appendicitis in the family. All of the previous patients have recovered.

Finds Wife and Brother Shot Dead.

Brantree, Mass., Feb. 14.—Mrs. George Hobart, prominent socially throughout this state, and her brother-in-law, Myron Hobart, were shot to death in the Hobart home. The police believe that Hobart, who was a bachelor, sixty years old, killed the woman and committed suicide. It is said that he objected to new friends made by his brother and the latter's wife, both of whom were twenty years younger than himself.

Reject Welsh Disestablishment Bill.

London, Feb. 14.—The house of lords rejected the Welsh disestablishment bill, 252 to 51. Thus its fate is identical with that of the home rule bill. It must be passed by two succeeding sessions of the house of commons before it can become a law.

ASTOR TO AID FARMERS

Youthful Millionaire Selects That Field of Activity.

Albany, N. Y., Feb. 14.—Vincent Astor has selected agriculture as a field in which to aid humanity.

Young Mr. Astor has so informed Governor Sulzer, who announced that he had appointed Mr. Astor to head the delegation from New York to the International Institute of Agriculture, to meet in Rome next May.

Governor Sulzer said Astor recently asked him for his advice on how to be a useful man. Various plans were discussed, including the naval militia but the young man selected agriculture. He told the governor he would use the Astor farm, at Rhinecliff, for scientific and experimental purposes. Besides attending the convention at Rome, the delegation will investigate European systems of agricultural finance.

ARREST CANDIDATE ON BRIBERY CHARGE

Col. Edwards Held Under Bonds at Charleston, W. Va.

Charleston, W. Va., Feb. 14.—Colonel William Seymour Edwards, a candidate for the United States senate, was arrested on a charge of bribing John M. Smith, a member of the house of delegates from Tyler county.

The warrant was issued by Justice Gilchrist at the instance of S. U. G. Rhodes, one of the five men arrested Tuesday on charges of taking bribes. Edwards gave bail.

A new sensation was sprung in the house of delegates when Rev. Thomas J. Smith, of West Union, Doddridge county, speaking to a question of personal privilege, declared that Rhodes and another delegate had thrust \$500 into his pocket while in a Charleston hotel, after, he declared, Rhodes and the other man had offered him \$2000 if he would vote for Edwards.

Smith declared that he did not know how much money had been put into his pockets until he went to H. C. Williamson, a delegate from Tyler county, had him count the money, enclose it in an envelope and return it to Rhodes.

Smith declared that he had refused to accept any money from Rhodes or the other man, whom he did not recognize, but Rhodes had insisted it was not a bribe. Smith had been voting for Isaac T. Mann for senator.

Smith asked the house to investigate the alleged attempt to bribe him.

John Fritz Was One of Steel World's Greatest Figures.

Bethlehem, Pa., Feb. 14.—John Fritz, one of America's pioneer ironmasters, and one of the world's giant figures in the steel industry, died at his home here. He was ninety-one years old.

The deceased was one of that coterie who achieved fame and fortune by the introduction of the Bessemer process of treating steel into this country.

Distinguished in the great world of steel, Mr. Fritz's activities did not end there. He was a trustee of Lehigh college, had been the conferee of medals and degrees. He had often been signally honored here and abroad.

DOUBLE LIFE ENDS IN JAIL

Former Member of Y. M. C. A. Was Burglar at Night.

Chicago, Feb. 14.—A Jekyll-and-Hyde existence of a former member of the Young Men's Christian Association was terminated when Charles W. James, of Huntington, Ind., was sentenced to one year in the house of correction.

He confessed that he had led a double life, working for a railroad in the day time and committing burglaries at night. "I committed these burglaries, but I don't know why I did it," he said.

Boys Steal Cross From Cemetery.

New York, Feb. 14.—On the charge of stealing a huge lead cross from Most Holy Trinity cemetery, breaking it in two and selling it for old junk, Edward Danford and William Fager, sixteen-year-old boys, were brought before County Judge Dike in Brooklyn and pleaded guilty to an indictment of grand larceny. They were remanded for sentence.

"My How I Did Suffer But Now I'm Happy All Day Long and Sleep Fine"

That's what a woman said just a few months ago. She said more and here it is.

"I wish it lay within my power to persuade every woman sufferer from dyspepsia or indigestion (or whatever they may think their stomach trouble is) to give M-O-N-A Stomach Tablets one week's fair trial. I am sure that every one of them would thank me from the bottom of their heart."

"I am well and happy for the first time in years and I do not hesitate to give M-O-N-A Stomach Tablets all the credit." Follow this advice. Give M-O-N-A Stomach Tablets a week's trial; if they do not benefit, The People's Drug Store will return the cost—50 cents.

PLANS MEDIATION

OF MEXICAN FIGHT

Head of Pan-American Union

Confers With Officials.

Washington, Feb. 14.—Mediation in Mexico, rather than intervention, by the appointment of a Pan-American commission, was urged upon President Taft, Senator Cullom, of the foreign relations committee, and Representative Flood, of the foreign affairs committee, by John Barrett, director general of the Pan-American Union.

The commission, which, it is suggested, should seek to bring about a readjustment of Mexican affairs, would be composed of a statesman from the United States, an eminent Latin-American diplomat now in Washington and an influential Mexican.

Mr. Barrett suggested for the commission such men as Senator Root or William J. Bryan, Senator Calderon, minister from Bolivia, or Dr. De Pena, minister from Uruguay, and Senator De La Barra, of Mexico, former ambassador to the United States.

In his letter outlining the plan Mr. Barrett says that "it involves mediation rather than intervention, international American co-operation rather than individual United States action, and a practical application of the Pan-American rather than of the Monroe Doctrine."

The commission, he suggests, should investigate the situation in Mexico on the ground and "make recommendations to Mexico which shall readjust the situation in favor of permanent peace and stability."

Through Ambassador Wilson, in Mexico City, the plan would be presented to the Mexican government and to the revolutionary leaders, who would be urged to cease hostilities "pending the action and report of the commission; and it should be made known to the Mexican government and people that they would be expected, with this moral support and interest of all America, to carry out the conclusions of such international commission."

"Above all things," he adds, "it will bring for the moment immediate peace to Mexico, the actual protection of life and property of foreigners, which should in due time develop into permanent peace, stability and prosperity for the Mexican government and people, without striking a blow at Mexico's independence, and with evidence to all America that the United States seeks no territorial aggrandizement."

Diaz Doubts War Reports.
Cairo, Egypt, Feb. 14.—Former President Porfirio Diaz, of Mexico, when seen at Luxor, said: "I cannot believe the news from Mexico as being true or accurate, and I cannot say anything until I have authentic information."
